GMA Network, Inc.

The Association for International Broadcasting
remembers and honours all the journalists that have
lost their lives over the past year.

I am a journalist,

I take photos, I write a piece, I speak to you,

I am a journalist,

I find that story, I follow it, I report on it,

I was a journalist,

I didn't ask to be a sacrifice, my life was taken,

I was a journalist,

*I led my life believing that press freedom
should be for all.*

The AIBs 2026

We're looking forward to our 22nd annual competition for factual television, radio and online productions.

Here are the key dates to note

6 April | The AIBs launch

4 July | Closing date

July-August | Shortlisting

Mid-September | Judging

20 November | Awards night

If you would like to support the AIBs 2026 or be one of our judges then please contact us to discuss further.

Full information will be available on the dedicated website theaibs.tv

INTRODUCING THE AIB

Established in 1993, AIB is the trade association for international TV, radio, and digital broadcasting

AIB provides its members with advocacy, intelligence, networking, promotion, and a range of other key services.

Our members operate television, radio and digital services in multiple languages that, every week, reach over one billion people in almost every country on the planet. We also have companies that support media houses among our Membership.

A key area of work is our media freedom initiative. AIB is a Member of the Consultative Network to the intergovernmental Media Freedom Coalition. This places AIB at the heart of global work on media freedom. The annual AIBs support our media freedom work, allowing us to demonstrate the importance of fair and impartial journalism and factual storytelling to key influencers in the Coalition.

Other areas of work include:

- **Artificial Intelligence** – providing the platform for members worldwide to share intelligence and experiences on the fast developing role of AI in news and production, alongside ethics, union relations, translation and audience perception.
- **Big Tech** – working with Members on relationships with Big Tech companies in markets globally.

- **Cyber security** – helping Members exchange information and engage with suppliers to protect their businesses.
- **Sustainability** – working with Members to make their businesses net zero and to engage audiences on issues around sustainability.
- **Content sharing** – facilitating Members' access to the output of colleagues around the world.

The AIB reaches over 20,000 media professionals in over 120 countries through our monthly global media industry briefing, giving our members a platform to tell their stories, highlight their programming and provide thought leadership.

The AIB draws on 30 years of knowledge gathering and intelligence sharing in the international media market to deliver outstanding support to our members.

The Association's work is entirely centred on, and devoted to, the needs of our members.

Please talk to us about how joining the AIB can help you and your colleagues.
